

A Fusion of the Art and Science of Light

SPECIFICATIONS :

model: LT 01 (standard), LT 02 (with options)

primary power: 120V 3A, 120V 6A, 120 8A

compliance: UL Listed

control: Color changing / dimming compatible

finish: LT 01- frosted acrylic DR, LT 02- SS Mesh, brushed SS clad base

dimensions: 12' max. height/diameter 6.5"/base cover dia. 12"

lamp color(s): See color chart on Details sheet.

date: November 3, 2008

FEATURES :

Imagine rows of vertical shafts of light that border a walkway, an entrance, or a progression of light sculptures winding through a plaza.

Litetower is 6.5" in diameter and is available in a variety of heights.

The construction includes a translucent high impact acrylic DR outer tube, with a 4" high inner structural steel tube for secure mounting and housing all electrical components. Litetower is available with 1, 2 or 3 lamps and stands up to 12' high. Lamps can be monochromatic or a combination of colors for a dramatic color-changing effect.
